

PERFORMANCE MEASUREMENT ADVISORY COUNSEL (PMAC)

CHARTER

- The PMAC is an IPT which assists DCMC, OSD, the Services and other participating Federal Agencies to promote and improve the utility and practice of earned value management.
- The PMAC is responsive to directions from the Integrated Program Management Executive Steering Group in establishing its mission and objectives.
- The PMAC consists of representatives experienced in program management and/or earned value management from DoD components, and other participating Federal Agencies active in program management.

MISSION

- Provide for consistency in guidance on implementing earned value management (EVMS) systems.
- Provide a forum to discuss and facilitate resolution to issues arising in EVMS implementation.
- Ensure that the wants and needs of all users of EVMS information are appropriately balanced.
- Solicit, understand, communicate and encourage best program management practices related to earned value, both internal to member's agencies, common throughout Federal Government and within industry.
- Encourage and facilitate responsible ownership of earned value management within the program management communities of both government and industry, where considered appropriate by individual component members.

OBJECTIVES

- Establish and further develop a network of integrated management advocates.
- Facilitate open communication, experience sharing and issue resolution through periodic meetings at regional centers.
- Review IBR training materials and related items, identify best practices, and provide constructive recommendations to improve these resources. (Others to be determined)
